November 2, 2020

Greetings from your Executive Director:

You are all busy so I will keep it very short this week:

First, a reminder that we shared information regarding election preparation, communications, and contact numbers in [last week's newsletter](#). Some jurisdictions have set up (or kept set up, since many have been up from the start of the COVID crisis) their Emergency Operations Centers (EOCs) as an extra precaution.

Mike Painter, our WASPC Professional Services Director, sent out a GTWO earlier this week on the announcement of the certification process for federal grant funds, as announced by the US Attorney General. Just be aware that this new requirement exists and, as always, let us know if you have any questions or we can assist.

Last week the state Dept. of Health sent out their [vaccination plan](#). Along with our Jail Liaison, John McGrath and Dr. Stern, we are reviewing it and will provide input as necessary. Just be aware of it and I wanted to make sure you had the current information.

As we continue to work through our challenging times,

Stay Safe- Steve
